

TWENTY-FOURTH YEAR. NO. 21

GLEICHEN, ALBERTA, WEDNESDAY, AUGUST 13, 1930

SUBSCRIPTION \$2.00 PER YEAR

YOUNG AND ANCIENT PICNIC AT BOWNESS

To the great joy of the kiddies the morning sun, sun service upon him and away, late was the eagerly awaited picnic by the children of Gleichen were invited to a picnic to Bowness park, sponsored by the Chamber of Commerce. Children of all ages from ten to sixty were all ready at the Community Hall at the time appointed, namely 8 a.m., a few cars were seen waiting discreetly around. However, at last passengers and cars were allotted and a cavalcade set off at varying rates and by various routes for their destination. The meeting place was Leduc bridge, but at least one of the cars did not get there in time for a long meal being alone in the road made the acquaintance of the writer's rear wheel, so that after a while when passing the bridge the party was as busy figuring out whether or not to turn right at the station light, he had enough to get into the park and buy a hot dog as well that the bridge did part almost unnoticed.

A large and noisy crowd thoroughly enjoyed themselves on the various amusements. Everyone on hand—family voices, and regularized families—forms. The kiddies wading pool was the centre of attraction and it did one's heart good to see the way they enjoyed themselves there. The round about, swings and swimming pool were in for their share of patronage, while several of our leading irrigation companies showed that they knew all about water by the mastery way in which they handled boats, one or two experts at catching "service" others of a less energetic kind, mind reined at ease in the stern and let some one else do the work.

Finally as the shadows lengthened, one heard enquiries as to where abouts of certain of the passengers, and as the sun began to set the crowd was over for a procession of cars, but not so happy group as they had all along the road from Gleichen to Calgary.

No accidents of any kind were reported except the usual ones of the trail-punkers, blowouts, etc. But none of that sort were reported, nor have a collection of nails, spikes, etc. sufficient to conceal the new sidewalk.

NOTES
The Gleichen water, while not so "nothing" as that in the bathing pool certainly tastes better. Did the language of the Gleichen, who stayed under water a little too long, came up with his mouth open, and nearly swallowed a sign floating placidly near, having no effect in warming the water. The young lady who thought it would be a good idea to fix the street lights like the Bowness road was just one of the doting or the excessive.

Last but not least—when will the picnic be?

GOLF COMPETITION LAST WEEK

Last week the President vs. Vice-President annual match was played at the Gleichen course with twenty players taking part. Mr. H. H. Gooden was president this year and Mr. W. Harrison was vice-president. The president's side won by five points, and some good scores were made during the afternoon.

The weekly handicap competition has been started also for the golf links, which the players with the lowest score is entitled to wear until a better score is made. This competition makes the players play his very best. The course is in very good shape just now and the local players are certainly taking advantage of it.

PROPECY'S LAKE McGREGOR A GREAT RESORT

(By John Glenbeck)
Although it is no longer, not to seven out of one, I saw in a lake eye a picture of a lake, a summer resort, in the same manner, not only for the people living in the community but it will draw tourists from afar.

As it is today, with every eye in the lake, it is a beautiful picture. It is a beautiful picture, with every eye in the lake, it is a beautiful picture. It is a beautiful picture, with every eye in the lake, it is a beautiful picture.

As to the question would it pay for private individual to pay for improvements, the answer is yes. As to the question would it pay for improvements, the answer is yes. As to the question would it pay for improvements, the answer is yes.

PICNIC POSTPONED TO THURSDAY, AUG. 21

Owing to the death of Mrs. F. Christensen, a member of the Arrowwood Ladies Guild, the picnic to be held at Mrs. Gordon Jones' home has been postponed to August 21st.

EXPERT OFFERS ADVICE ON SOIL DRIFTING

Owing to the great amount of soil drifting in the district, Messrs. MacCallum & Stenstrom have obtained the following advice from the Provincial Office of Agriculture, Calgary, in a letter written by W. Robinson, agronomist:

"In regard to your inquiry of July 21st, concerning the advisability of planting alfalfa in the land you mention. Considering that this field has just had spring, it would seem to me that it would be advisable for you to plant it in some way against a recurrence of drifting this coming winter. As to whether or not you use fall rye is an economic problem and one for you to decide. That is, if you would a fall rye crop be profitable? If you decide to sow rye I would recommend that you plant it the 20th of August at the rate of one bushel per acre. If, however, you wish to plant wheat you may wish to advise you to first rid the field of any annual weeds which might be in the fall, and then plant a cover crop of one-half bushel of oats per acre. I would advise the use of a cross-hatched drill, and when sowing from north to south. This cover crop would attain sufficient benefit to hold the soil, and would of course, winter kill."

"I am not aware of a source of good rye seed. Would advise you to communicate with the Dominion Seed Branch, Calgary, with regard to this matter."

ST. VICTOR'S PARISH PICNIC

Last Sunday proved to be an ideal day for the picnic enjoyed by the parishioners of St. Victor's Church, held at the river where a wonderful time was had by everyone present.

Girls and boys under 8 years, 1st, Bernice Criss, 2nd, Pearl Pierrard. Girls 7 to 12 years, Mary Devorey.

Boys 7 to 12 years, Wilbert Lester and Johnnie Gifford. Girls 12 to 16 years, Marjorie Pierrard and Della Bos.

Men's race, Archie Biale and Walter Plante. Ladies race, Walter Plante and Rita Biale. Boys three-legged race, Wilbert and Eugene Lester. Men's backward race, Della Bos and Rita Biale. Ladies backward race, Della Bos and Rita Biale. The tug-of-war between men and women was won by the women. The games finished with a pennant scramble in which everyone took part. In all the picnic was most successful everyone enjoyed home tried but happy.

Here and There

Pressure of business and growth of the Canadian Pacific Telegraphs has necessitated the appointment of an assistant general manager of the system. W. D. Scott, assistant manager, western lines, Winnipeg, has been promoted to the position. Other appointments resulting from this are: W. M. Thompson, superintendent, Ontario Division, Montreal; to be superintendent, Ontario Division, Toronto; and W. E. Emery, chief operator, Montreal, to be superintendent, eastern Division, Montreal.

Fox Film Corporation during early July took a vivid record of the wind in the pine, the music of the waterfalls and the vigils of the waterfalls and the vigils of the waterfalls and the vigils of the waterfalls.

THE STORY OF "UNNAMED" IN HIGH LIGHTS

In "Unnamed," the new Joan Crawford Metro-Goldwyn-Picture picture which is at the Gleichen Community Hall next Saturday night. The story starts in the jungle of South America where Hing Dowling has grown up without a mother and with no care for her impulses. Hing is a handsome, white, played by John Miljan, grabs her in the middle of a street dance and she is interested in him. Later he quarrels with Bingo's father about her, and she is interested in him. Later he quarrels with Bingo's father about her, and she is interested in him.

Andy's situation grows more unpleasant as Marchant stands in the club against "men who would marry for money" and who "can only be taken by a man."

Andy's situation grows more unpleasant as Marchant stands in the club against "men who would marry for money" and who "can only be taken by a man."

INTERESTING NEWS ITEMS OF MILO HANNINGSON

(By John Glenbeck)
Milo is now banking in the sunlight by day and electric light in the night.

With wheat between 60c and 70c a bushel not many will visit Calumet this winter.

J. McKelvie formerly of Changan has bought out the Milo blacksmith shop while Nels Monahan, the former owner, has left for the Peace River country.

In spite of the wild and wet, unimproved condition of the municipality park along Lake McGregor, golfers gather there every Sunday feeling, swimming and boating.

Cooling of wheat started around Milo Saturday, August 2nd. Considering the small amount of moisture we have had since the 1st of July, a few good looking fields, but the majority will be a long way from the bumper crop stage.

Chris, Nielson, a young man of 16, living in Greenfield, Oregon, and a cousin of Mrs. Glenbeck, has been visiting here for a week and left for Banff a few days ago. Mr. Nielson was so favorably impressed with the Alberta climate that he thought he would easily reach the century mark if he could stay here.

Two of Milo's business enterprises have changed hands lately. Mr. A. Ferguson, Milo's pioneer butcher, sold out to Mr. N. Smith, formerly of Vulcan. Mr. Ferguson in company with Thos. Thompson left by auto for the Pacific coast a short time ago. Mr. Thompson expects to settle permanently in Victoria, while Mr. Ferguson is looking for a new location.

The trees set off, in the Lake McGregor Municipal park a few years ago, are having a hard struggle. On the one hand we have had two successive dry seasons, while on the other the park has been headed off for a sheep pen. Last Sunday when I visited the park hundreds of sheep were scattered all over among the trees eating off the tender leaves which is a sure way to kill them. The buying, planting and cultivation of these trees has taken quite a few dollars of the ratepayers money but evidently the councilors don't look at it in that way. It takes a long hard struggle to grow trees successfully in this prairie country and they have enough natural enemies to contend with without assisting their destruction by deliberately turning a bunch of sheep in to them. If it is necessary for the council to turn the park to a sheep pasture they should at least have regard to the ratepayers money to use some of the sheep money to buy sheep-proof trees around the trees.

Handsome on Andy's shoulder, Marchant brokenly tells his ward that he had intended no such tragic ending. But he didn't realize that he had been right about the two was enduring and so deep.

R. W. BROWN

GLEICHEN, ALBERTA,

An amazing romance, sweeping you from the South American jungle to the glided haunts of New York. Joan Crawford, as the fiery jungle girl, shows herself in the foremost ranks of screen stars.

Money nearly ruined their happiness. The story of a girl who loved, and a boy who had too little money. The most glorious girl of the films in a fascinating story of romance at first sight, and its aftermath.

SAFETY.. at ANY speed

With the new Firestone Heavy Duty Gum-Dipped Balloon Tires you have a wide margin of safety at ANY speed. Built in advance of today's car requirements, they withstand rougher usage than any car on any road at any speed, can give them.

Firestone Heavy Duty Balloons are made of Gum-Dipped cord construction—the strongest and safest method known. They have a deeper safety tread, extra side-wall thickness and two extra plies of Gum-Dipped cords just beneath the tread to absorb road shocks. They are the strongest, safest, toughest tires that Firestone has ever built.

Make your car safer for travel. Equip it with a set of new Firestone Heavy Duty Balloons. See your nearest Firestone Dealer today.

Drive belt, 150 feet in good shape.
MacLaughlin car 1924.
Spare and furniture in bunkhouse.
Hay racks.

This stuff can be inspected on the farm by arrangement with Mr. P. J. Beaudin and information as to price can be obtained from the Canadian Bank of Commerce, Gleichen.
ALFRED BELLEY, Owner.

E. D. Hardwick spent last Thursday in town.

Once an important but very egotistical personage passed away. One of his acquaintances, in discussing the event with an editor of a daily paper asked:
"Poor fellow, he is worth much!"
"Um," said the editor, unsmiling, "not more than a couple of 'nicks'."

Town & District

The warm weather continues.

The elevators are all open ready for business.

Bob Brown returned Friday from his first trip to Banff.

Strange the soft ball crash has not yet struck this community. It is reported serious in some places.

A few of the farmers in this district are now cutting wheat and harvesting will be general within a week.

A letter received at this office from Miss Kent at Banff states she was leaving to go further into the mountains.

Mrs. L. Cuthbert left last week with her family to spend a vacation at Victoria. B. C. Mr. Cuthbert followed on Saturday.

Clarence Woods returned Saturday morning from Vancouver where he has been for over a year. He likes it down there.

The Indians have been busy putting up hay, but will soon be cutting grain, much of which is said will yield better than expected.

The travelling of the main highway from Gleichen westward is progressing most favorably and auto drivers going over are highly delighted with it.

The delayed town and school tax notices are now issued and a greater "rain" than ever has gone up. Sixty-cent mills is pretty high, perhaps the highest in Alberta.

Harry Hansen states his telephone, No. 198, has been cut off the Gleichen exchange and added to the Strathmore line, along with the phone of Mrs. Weyer and Harry Copper.

The swimming pool on the reserve is a very popular place these hot afternoons and evenings. Many will regret it if the Indians decide to keep the white folks off the reserve.

Glen House returned to his residence Friday, after spending several weeks in the Peace River country. You should hear him tell the story of the hotel fire he was in and how he escaped. It's wonderful.

Mrs. W. P. Pinder returned last week from spending a couple of months visiting her brother, Mr. Brookbank in Saskatchewan. Mr. Brookbank with his wife and two daughters accompanied her to Glen House in their auto and he is paying a short visit to his sisters Mrs. Ostrander, Mrs. McPhee, Mrs. Kolbe and Mrs. Pinder.

Most people have become quite anxious concerning the statement that the Indians are considering quitting the whites off the reserve, which is really the Indians private property and they have the right to confine the public strictly to the surveyed roads. It will be best for all concerned to be careful not to destroy any trees on the reserve and be especially careful of campfires, and generally show appreciation of the use of the reserve.

The sudden death of Mrs. L. F. Christensen last Thursday morning August 7th, was the cause of much genuine sorrow through the entire district as she was well known and beloved by all. The deceased lady was the wife of Mr. L. F. Christensen, merchant of Arrowood, and was born in Melton, North Dakota, forty-one years ago. Besides her husband she leaves three children to mourn her loss, also her parents, Mr. and Mrs. P. Stewart, of North Dakota three brothers, Mrs. Carl Jackson, Grant Perks, N. D., Mrs. L. Hunt and Mrs. E. Roger, of Gravenhurst, Saskatchewan, and one brother, George Stewart.

Who has not observed with interest, sometimes with annoyance, the growth of the hitch-hiking movement throughout the country? Mountain as a class are not at all averse to performing their daily good deed, but usually they are reasonable. For passing hikers on the highways. The annoyance seems to be registering elsewhere. In New York state the matter has come to a head with a bill introduced into the state legislature aimed at making the practice unlawful. "It shall be unlawful," says the bill, "for any person to stand in a roadway for the purpose of stopping a private vehicle to solicit rides from, or to solicit from or sell to occupants of such vehicle." This will hit others besides hitch-hikers, be it noted.
